JD Crest Winners - 2017

CRESTS

On the BC Athletics web page gold silver and bronze standards are published for each track and field event. Athletes can be rated for every event in which they compete according to these standards. (3 for meeting the gold standard, 2 for the silver standard and 1 for the bronze standard.) Then their top three events are then averaged and the crest decided. A gold crest must score 9 points, silver must score 6 points, and bronze must gain 3 points So if an athlete scores a gold, a silver and a bronze standard (3+ 2+ 1 = 6) the athlete would score a silver crest when scores are averaged.
